

## USING WITH SIEMENS S55

### ACTIVATING THE BLUETOOTH

You must activate the Bluetooth feature of your phone to be able to establish a Bluetooth connection between your phone and your SuperTooth II kit as well as with other Bluetooth devices.

1. Press **Menu** and select **Setup > Connectivity**.
2. Scroll down to **Bluetooth** > press **Options** > select **Activate BT**.
3. Press **On/Off/End Key** as many times as needed to return to standby mode.

### PAIRING TO THE CELLULAR PHONE (Not possible while charging the SuperTooth II)

Pairing will create a link or connection between your two Bluetooth devices - the SuperTooth II kit and your phone.

1. This SuperTooth II kit supports either **Handsfree** or **Headset** pairing mode. First, refer to **Compatibility Table** for suggested pairing modes to be able to determine what pairing mode is best for your phone. **Handsfree** and **Headset** profile differs in pairing procedure. (*Note: In the Compatibility Table, you can find that Siemens S55 belongs to Handsfree Profile.*) Proceed with the instructions.
2. Bring the mobile phone at about 20cm from SuperTooth II.
3. The SuperTooth II is initially off. Turn it on by flipping up the **Swivel Arm(1)** to 55° position. The **Bluetooth Indicator(9)** will glow (*blue blink*).
4. Simultaneously press the **Reject Button (2)** and **Pick-Up/Hang-Up Button (7)** for about 10seconds. A distinctive tone will be heard and the Bluetooth Indicator LED will change from blinking blue to alternate blinking red and blue. SuperTooth II is now in **Handsfree Pairing Mode**.
5. While the kit is at pairing mode, access the Bluetooth menu of your phone. Press **Menu** and select **Setup > Connectivity**.
6. Scroll down to **Bluetooth** > press **Options** > scroll down to **Search for...** > press **Access** button. The phone will then start to search for pairable devices until it displays them in the list.
7. Highlight the name of this kit (*SuperTooth II*) and press **Select**.
8. Enter **0000** as the BT pin for SuperTooth II then press **OK**. (*"Handsfree trusted"* will be shown briefly).
9. Pairing has been successful if the alternating red/blue lights of **Bluetooth Indicator** now have changed to plain blinking blue.
10. Press **On/Off/End Key** as many times as needed to return to standby mode.

The SuperTooth II is now ready to use.

### ANSWERING / ENDING A CALL

When you receive a call, ring tone will be heard simultaneously on SuperTooth II and on the phone or on the SuperTooth II only (*depending on your phone model*).

1. Just shortly press **Pick-Up/Hang-Up Button(7)** to answer the call.
2. When communication is over, press the **Pick-Up/Hang-Up Button(7)** to terminate the call.

### MAKING A CALL

#### **Normal dialing**

Dial the number using your phone. Normally, audio will be on the SuperTooth II kit.

**Note: With some phones like Siemens S55; Panasonic X70, audio is always on the phone during an outgoing call. You will need to press Pick-Up/Hang-Up Button (7) to transfer the audio to your kit. (Also, refer to "Compatibility Table" for other helpful remarks.)**

#### **Voice dialing**

**Note: Voice dialing entries must be stored in the phone's memory (not on the SIM card!).**

First, you have to turn on the voice dial function and record for a "voice command" or "voice tag" in your phone. *Note: Noisy environment may affect voice recognition. Record your voice in a quiet place.*

1. **Recording for Voice Dial:** At standby mode, open the *Address book* by pressing the arrow down key. (If Phonebook is the one displayed, press  key to switch to Address book.)

2. Select a contact then press **Options** > scroll to **Voice dialing > New > Recording for:(contact name)** > **YES**.
3. Follow the instructions displayed. When your voice is caught by the phone, it will be saved automatically. **"Sample saved!"** will be briefly shown.
4. If you wish to hear your recorded voice command, press again **Options > Voice dialing > Play**.
5. Press **On/Off/End Key** as many times as needed to return to standby mode.
6. **Execute Voice Dial:** Shortly press **Pick-Up/Hang-Up Button(7)**.
7. A beep will then be heard on the SuperTooth II prompting the user to say a voice name or voice tag of a person to call.
8. Say the voice command. When the voice is recognized by the phone, the voice will be played back to you. Then that contact will automatically be dialed.

### REDIALING (Handsfree profile only)

Make a long press on the **Pick-Up/Hang-Up Button (7)**. Audio will be on the SuperTooth II.

### AUDIO TRANSFER

#### **Kit to Phone**

Flip down the **Swivel Arm (1)** to 0° position (or turn-off the unit). This will automatically transfer the audio from the kit to the phone.

#### **Phone to Kit**

For Nokia Phones:

Flip up the **Swivel Arm** from 0° to 55° or 210° positions. (or turn-on the unit). This will automatically transfer the audio from phone to kit.

For Other Phone Models:

Flip the **Swivel Arm** up from 0° to 55° or 210° positions (or turn-on the unit).

Then press shortly the **Pick-Up/Hang-Up Button(7)**. The audio will be transferred from the phone to the kit.

### REJECTING A CALL (Handsfree Profile only)

Press **Reject Button(2)** to reject an incoming call.

### SETTING THE VOLUME

Set the volume using the **Volume Control(11)**.

1. Turn it clockwise to increase the volume.
2. Turn it counter clockwise to decrease.

*Note: If the volume set is too high, it can cause feedback (whistling sound), echo, or background noise during calls on some cell phones.*
